

# Assistant Professorship (NAP) in School of Computer Science and Engineering (SCSE), Nanyang Technological University

Seeking The World's Smartest Minds to Address Humanity's Biggest Challenges.

Young and research-intensive, Nanyang Technological University (NTU Singapore) is ranked among the world's top universities. NTU has a vibrant research eco-system with a high proportion of early career researchers. It has a healthy environment for interdisciplinary research collaboration and the research is well funded.

The **Assistant Professorship (AP)** scheme provides the opportunity for outstanding young researchers and exceptional scholars from Singapore and around the world, who aspire to a research leadership role at NTU. The selection of the AP awards follows a rigorous academic peer-review process led by the NTU Research Council (NTURC). The Assistant Professors are outstanding young faculty at NTU. They will play an important role in lifting NTU's research to higher levels.

**NTU invites outstanding early-career researchers (postdoctoral fellow or equivalent) to apply for an appointment as a Assistant Professor.**

## Successful candidates will:

- Enjoy an attractive remuneration package and other benefits including assistance with accommodation.
- Hold a tenure-track appointment and play lead roles in the university's new wave of multi-disciplinary, integrative research.
- The University provides excellent R&D infrastructure with well-equipped state-of-the-art laboratories and opportunities for research funding.

## Desired skills and experience:

- Early career researcher (post-doctoral fellow or equivalent) from a reputable university.
- PhD or MD or equivalent degree in Computer Science or a related field obtained within the past 10 years.
- Strong track record for publication and relevant teaching experience
- Ready to lead his/her research group independently.
- Clinician-Scientists interested in translational and/or clinical science bridging bench and bedside, clinical trials, epidemiology, digital health, health services research and/or interventional studies in any medical discipline are welcome.

## Application

Evaluation of applications will continue until the vacancy is filled. Please submit your full curriculum vitae; three key publications to be sent directly to [xin.zhou@ntu.edu.sg](mailto:xin.zhou@ntu.edu.sg).

For enquiries, please send to [xin.zhou@ntu.edu.sg](mailto:xin.zhou@ntu.edu.sg). We regret that only shortlisted applicants will be notified.
